Product Description

Blütentanz by Giansimone Mignoni. Dancing from flower to flower and across the meadow. Creating a flower meadow is quick and easy with us. 16 colourfully printed maple discs are placed on the board and aligned using the markings. Each player selects their playing pieces and off they go. The path criss-crosses the board, always from one flower to the next - only the flower colour of the player's partner may not be entered. Just like in nature, the meadow is constantly changing, as all four discs in a row or column are rotated by 90 degrees before each move. And then it's important not to lose track. Who is the quickest to reach the opposite side with 4 of their 5 pieces? A playful dance across the flower meadow - not just in summer! Caution! Not suitable for children under the age of three. Small parts can be swallowed. Game board made of solid beech, oiled, 25 x 25 cm with indentations. Colourfully printed maple discs, varnished. 10 game pieces in 2 colours. For 2 people aged 8 and over. Duration approx. 20 - 30 minutes.
