from **63,85 EUR**

Item no.: 400642

shipping weight: 0.60 kg

Manufacturer: Gerhards Spiel und Design

Product Description

Cubeby Sascha Schauf It's all a question of perspective. Up to 4 players try to recreate the colour combinations of their task cards on the game board. The first player to fulfil the required number of cards is the winner. The situation on the board changes with every move. The active player has a choice: either a wooden cube drawn face down is placed on the board or an existing cube is moved to a different position. A ball is recessed into the underside of the board so that it can be easily rotated in all directions. The different viewing directions - from above or from one of the four sides - make it easier to fulfil a task. This is true for all players, regardless of whether they are currently taking an active turn or not. If the dice are offset on the board, the direction of view is decisive. Concealed dice do not count. Caution! Not suitable for children under the age of three. Small parts can be swallowed. - Game board, easily rotatable, oiled beech 20 x 20 cm, - 4 card holders - 4 twin dice - 32 wooden dice and 48 task cards - 2 - 4 people aged 10 and over, duration 30 - 45 mins.
