shipping weight: 0.80 kg

Manufacturer: Gerhards Spiel und Design

Product Description

Switch (up to 6 players) A turbulent game for families and friends. A board game that is closely based on a well-known classic game, but is much quicker and more turbulent. The game is played with 2 dice, a normal eye die and an action die. With this additional die, you can "drive backwards", double the number of dice rolled or even roll 4 - 5 times in a row. However, the most fun comes when your own character is swapped away by another player shortly before the finish line. Switch is best when 4 - 6 people play along. Playable from the age of 6 with a little help. Duration - approx. 1 hour until the first player has all the pieces in the goal. Caution! Not suitable for children under the age of three. Small parts can be swallowed. Features: - for 4-6 players aged 6 and over - solid beech, oiled, 36 cm x 36 cm x 2 cm - 6 x 4 coloured marbles, 2 dice
