Product Description

Grab your capes and party hats, because we're going to Gielinor! Inspired by the record-breaking online universe that's captured the imagination of millions worldwide, RuneScape Kingdoms: Shadow of Elvarg is the official cooperative board game for 1-5 players. What's the Story? Count Draynor, dark wizards, legendary sword, dangerous fire cultists, shadow of Elvarg looms ever larger over the kingdoms; an imminent threat to burn it all down... About the game: Explore a sometimes epic, often irreverent fantasy world unlike any other, where victory could hinge on an epic battle — or simply on baking the right pie. RuneScape Kingdoms: Shadow of Elvarg is a campaign game where your choices weave the story of your adventuring party. Using a game board styled like a fast-travel map, you'll jump from region to region as you level up your skills and complete quests, before zooming in for face-to-face boss fights. This world needs worthy adventurers like you to save it. Quest, skill, meet memorable NPCs, slay mighty monsters, craft awesome gear, level up to earn your cape — get distracted by side quests — and become the 'Scaper you were always meant to be. The fate of Gielinor is in your hands... literally!
