Product Description

The Fate of Sera in the Palm of Your Hand Listen up, soldier. The world is in ruin. The Locust Horde has risen. It's Human vs Horde, and here's your mission: Pick a side, build a powerful deck, and win the war. The fate of the world is in your hands! Experience the gritty gunplay of the video game in this official two-player card game. Take command of the COG forces or the Locust horde and seize control of the battlefield, one chapter at a time. Strategise your way through each chapter, bolstering your forces with classic characters like Marcus Fenix, General Raam, August "Cole Train" Cole, Dominic Santiago, and Damon Baird. Every battle counts. Whatever happens in each chapter will change what comes next, so you'd better be ready to dominate. The deck you build and decisions you make will change the way you play each campaign, making this a game you can reload time and time again. Whether you're a hardened vet or a grass-green rookie, get ready to take cover and lay down suppressive fire. Your enemies are trying to take the line, soldier. You'd better shove back hard.
