Product Description

Feasting on godtears has blessed Fenra with unnatural size, and rumours abound that her ascent to godhood could bring about the end times in a rain of flaming crystals. No wolf is complete without her pack - Fenra's piercing howls summon a snarling pack of Chainless Curs, the cunning gnolls who hunt down and surround any who escape her razor-sharp wrath. Inside this box is everything you need to add the Maelstrom champion Fenra, Wolf of The End Times & Chainless Curs, to your Godtear warband. Use this expansion with any Godtear starter set.
