Product Description

Produktinformationen "Aventuria - Mythical Stories Box" From the Far North to the Deep South, Aventurian heroes experience exciting adventures. Now, more than ever before, they have the opportunity to take their fate into their own hands with their own decisions and leave their mark on Aventurian history. Mythical Stories is an expansion for Aventuria The Adventure Card Game. In this box we present you the new Story Mode, in which your heroes' decisions have a huge impact on the direction of the story. On the other hand, fate cards ensure that the adventures behave a little different and unpredictable every time you play them, so they always remain challenging and rich in variety. This includes the 2 brand-new adventures Under the Northern Lights and The Rogue shall die, based on the classic The Dark Eye adventures of the same name. Also included are the well-known Aventuria adventures The Heir of Wildenstein, The Forest of No Return and The Ship of Lost Souls as new and expanded Directors Cut versions. This is topped off with the new adventures Battle for Ilsur, Treasure Hunt and the epic finale, Dragon Eyes.
