Product Description

Mysteries of the Realm of Thorns The fairytale cities of the Realm of Thorns are home to phex-favoured merchants, astute astrologers and mysterious Qabalya sects who vie for power and influence at the court of the Lady of the Roses. Wealthy Arania, however, has to fend off numerous dangers. Ferkina tribes in the west of the kingdom are just as much a threat as the Novadian conquerors from the south. Beneath the surface, conspiracies of secret circles and alliances are fermenting, pursuing their own plans, and time and again the Aranians have to confront the horrors of the past. Ancient mysteries and secrets surround this region, and this book brings them all together. Mysteries of the Realm of Thorns is therefore intended for the eyes of the game master only. It contains detailed value boxes for typical enemies, animals and monsters according to the rules of the 5th edition of The Dark Eye, exciting adventure hooks and secrets of the region, background information on the secret societies of the Qabalyas, the legacy of Moghulat Oron and much more that is alluded to in The Thorn Realm. The second part of the volume is the fully fleshed-out regional adventure The Mysteries of the Silver Moon: Since time immemorial, a time-honoured sphinx has ruled RasLamasshu and ensured the well-being of its inhabitants. On her pyramid, in which a hundred times a hundred secrets are hidden, she looks up into the sky and receives prophecies and visions that puzzle not only scholars and philosophers. The last of her prophecies, however, concerns her own fate, hidden in the Mysteries of the Silver Moon. Only with the help of a group of brave warriors will the Sphinx find her way into the new age. But to do so, the heroes must confront a sinister force that stretches out its claws from the shadows. The journey takes them from the alleyways of Zorgan to the Aranian provinces and undiscovered places to find out more about the country's past. Who can the heroes trust and will the ominous prophecy of the Sphinx be fulfilled?
