Product Description

1000 MM X 500 MM X 50 MM RASTER FOAMCUBE FOAM SELF ADHESIVE - RASTER WIDTH 15 MM Cube foam as a drawer insert, for photo cases, aluminium cases, rucksacks, toolboxes and all other applications. Our grid foam measures 1000 mm x 500 mm x 50 mm (1 m x 50 cm x 5 cm) and is self-adhesive on one side - simply peel off the film - stick it on - done! Thanks to its standardised dimensions, the cube foam inserts fit perfectly into many kitchen drawers, tool drawers, boxes, cases, rucksacks or other containers. The outer dimensions of the grid foam can be easily customised as required thanks to the rimless punching. The grid size is 15 mm x 15 mm and therefore allows almost any shape. The adjustment can be done by hand - no tools are required. We recommend our matching foam bases / foam lids or dimpled foam in various heights as additional padding under the insert or as a protective lid on the insert. Grid of 15 mm x 15 mm Made in Germany Chlorine-free and acid-free Bulk density 23.0 kg/m³
