

Item no.: 401038

ABBS020ESD - 300 mm x 300 mm x 20 mm ESD grid foam - grid width

from **3,23 EUR**

Item no.: 401038
shipping weight: 0.30 kg
Manufacturer: Feldherr

Product Description

ABBS020ESD 300 MM X 300 MM X 20 MM FELDHERR ESD RASTER FOAM MATERIAL - RASTER WIDTH 10 MM - ELECTROSTATICALLY DRAINABLE ESD grid foam for individual padding of transported goods - offers high protection against electrostatic discharge. The grid in the foam allows the foam inserts to be individually adapted to all shapes. It is ideal as protection for the transport of various industrial goods such as medical equipment, individual tool parts or technical devices. The grid foam is perforated with a grid of 10 mm x 10 mm x height of the insert (20 mm). The antistatic properties of the foam also provide optimum protection for sensitive electronics. The use of antistatic plastic bags is not necessary. This can reduce storage costs. Information on ABBS020ESD grid foam: - Dimensions: 300 mm x 300 mm x 20 mm - The grid is punched throughout. ESD foam inserts ABBA010ESD or ABBA025ESD are ideal for use as a base. - Electrostatic dissipative / ESD foam / antistatic, pink - Typical surface resistance $R_s = 10^{10}$ to 10^{11} Ohm - High-quality, fine-pored polyurethane (PU) foam - Made in Germany - Chlorine-free and acid-free - Bulk density 23.0 kg/per cubic metre (+/- 2.0)
