Product Description

For the safe storage and transport of more than 40 models from your Star Wars: Shatterpoint collection. "Star Wars: Shatterpoint" lets you immerse yourself in the captivating Star Wars galaxy and master challenging missions. To protect your impressively designed miniatures of the iconic heroes and villains, we offer you the right Feldherr transport solution. This set with two robust storage boxes FSLB055 including matching Feldherr foam inserts is ideal for storing and transporting up to 44 warrior models from your "Star Wars: Shatterpoint" collection. The set consists of: - 2 Feldherr storage box FSLB055 - 2 full-size foam inserts with 22 compartments each for expansive miniatures on 40 mm bases such as Anakin Skywalker, Asajj Ventress, battle droids and models with similar dimensions (FS050A112) - 2 foam lids. Two full-size foam inserts offer your models optimum protection. Each model has its own custom-fit compartment. The high-quality foam ensures that the miniatures remain securely in place even during transport through the canyons of Coruscant and that sensitive details such as lightsabres and blasters are protected from damage. This also preserves the colours of your models and protects them from abrasion and chipping paint. **Compartment dimensions:** The 22 compartments of each FS050A112 have the following dimensions: - 12 compartments: 60 mm long x 45 mm wide x 40 mm deep - 6 compartments: 65 mm long x 45 mm wide x 40 mm deep - 4 compartments: 73 mm long x 40 mm wide x 40 mm deep. The inserts are perfectly stored in the Feldherr storage box FSLB055. The boxes are made of coated, single-wall cardboard. This makes them not only pleasantly light, but also particularly tear-resistant and stable. The models can be stored safely and protected from dust and transported easily thanks to the flat, compact shape. Once you have packed the inserts with the figures into the boxes, simply place the supplied foam lids on the inserts before closing the storage boxes. This ensures that nothing can fall out of the inserts, even if the bus driver has had a bad day. **Dimensions of the storage box:** - Inside: approx. 345 mm x 275 mm x 55 mm - Outside: approx. 365 mm x 290 mm x 60 mm - High-quality, fine-pored foam - Made in Germany - Chlorine-free and acid-free. **Further details:** Item no.
