Product Description

The Clear Skies expansion is a collection of additional objectives from the Kickstarter campaign. It includes additional material that is compatible with the base game, as well as 3 new modules: Private Industries: Companies need more and more energy. With Private Industries, you supply these companies with energy through batteries. Investment intentions: Money from investors never comes without obligations. Investors want something for their capital, but if you can fulfil their requirements, they will give you a nice bonus! Companies: Run a private company that carries out contracts for the government to build infrastructure for renewable energy.
