Product Description

From the far reaches of the Crucible, beyond the Diremouth and even the Great Glass Desert, come the mysterious Geistoids. Awakened by a malevolent energy and driven by the bitterness of things forgotten and discarded, they seek revenge on all that has endured and been preserved. Replenished again and again from the remnants of civilisation, the Geistoid horde poses a serious threat to the inhabitants of the Crucible. KeyForge: Dark Memories is the seventh set for KeyForge, introducing 250 new cards, including the new House Geistoid, as well as all-new effects, symbols and more. KeyForge, designed by Richard Garfield, is unlike any other card game in that every deck purchased is completely unique and directly playable. Important notes Warning! Not suitable for children under 36 months.
