### Product Description

Welcome to Agent Avenue! A seemingly quiet street that becomes the secret setting for exciting espionage activities. Two former spies live next door to each other, unaware of each other's existence. But when they discover the first mysterious clues, their old secret agent curiosity is awakened. To uncover the secret of their mysterious neighbour, they recruit other residents of the neighbourhood - from nice neighbours to nasty bullies - to uncover the true identity of their opponent. Players bluff, collect sets and use the clever "I share, you choose" mechanism to outsmart their opponents and reveal their identity, including a 3+4 player variant. Important notes: Attention!
