### Product Description

Sagaland has been delighting young and old for over 40 years. The popular classic is now also available in a special winter fairytale edition. Who can find the hidden things from the fairy tales under the glittering trees, memorise the correct location and rush to the king in the castle as quickly as possible? Additional extra-large fairy tale cards invite children aged 6 and over to read or read aloud. Mrs Holle's pillow, a golden star thaler, the Nutcracker's big hat - the things the king wants are well hidden under the trees. In this fairytale parlour game, each player secretly sets off on a search, wary of rivals and with a little luck of the dice. The aim is always to hurry through the winter forest to the castle as quickly as possible in order to answer the king's questions about the hiding place correctly. The winner is the first player to correctly name three locations. Sagaland Winter Fairy Tales is an ideal gift for boys and girls at Christmas and throughout the winter season. 13 beautifully illustrated fairy tale cards invite you to read or read aloud. Important notes Attention! Not suitable for children under 36 months.
