Product Description

Super fun wooden door letters from Scratch! Pimp the door to your bedroom with your name in fun scratch letters. The Scratch alphabet consists of colourful animals and a choice of 2 or 3 combinations per letter: there's no limit to the combinations you can come up with! Adhesive strips are included. The letters are made of wood and are very finely carved, resulting in tiny details such as paws, teeth and wings. These letters are decorative and not toys.
