### Product Description

Welcome to the scratch class! The teacher is at the front and writes all the sums on the board, so it's time for everyone to pay attention! - The BlackWhiteboard is height-adjustable from 87 cm to 120 cm. - It can be used on both sides. - One side is a blackboard for chalk, the other a blackboard for dry-wipe markers. - Both sides are magnetic! - A fun set of magnets is included. A roll of drawing paper hangs below the board and a storage tray is also included. - The BlackWhiteboard is incredibly versatile, it is a true classic with a multitude of possibilities. It includes many accessories: magnets, roll of paper, storage tray, 3 chalks, 1 marker and an eraser.
