Product Description

Escape the Labyrinth, board game (DE,FR,IT), for 1-4 players, from 6 years

Together, the players solve exciting puzzles and thus change the paths in the labyrinth. Will they succeed in reaching the magic gate or will they get hopelessly lost?

The players are trapped in the enchanted maze. Will they together find the way from the start to the magic gate through which they can escape? And have they found both keys on the way, which can be used to open the gate?

There are many paths blocked in the labyrinth. They can be changed by correctly solving the tasks set.

One player at a time takes turns getting the magic card. He may move the playing piece and draw a puzzle task. Before he announces the solution, he may ask his fellow players for advice at any time.

The back of the card shows whether the solution is correct. If the guess is correct, a way card may be turned so that the piece can move on the next turn.

But if the answer is wrong, it is put aside as a penalty point. Two wrong answers are allowed, with the third everyone remains trapped in the maze! Will everyone manage to get to the key cards together and to the magic gate at the end?

Escape the Labyrinth is a cooperative puzzle maze that will delight players aged 6 and up.
