Product Description

First Images First Words Memory (DE, IT, FR, ES, GB, NL), for 2 to 4 players, ages 2.5 and up

Loving and developmental first pictures - this is what the author Helmut Spanner stands for like no other. His picture book "First Pictures - First Words" is one of the classics in the children's room and supports the little ones in a playful way to learn to speak. The most beautiful motifs from the successful picture book were selected for this memory. The 24 cards are made of extra-thick cardboard and are suitable for smaller children. Recognition and speaking skills are trained in a playful way.

This exciting picture search requires a good memory and concentration. Due to the large cards made of extra thick cards, this memory is suitable for smaller children from 2 1/2 years.

Warning according to Toy Regulation not required.
