Product Description

A cloak of white covers Carcassonne! Even in winter, the henchmen go about their usual business. Knights patrol the towns, peasants feed the people and highwaymen ply their trade on the streets around the winding city walls. In addition to the new, atmospheric illustrations, twelve additional tiles with animals and the mini-expansion "The River" with a wintry look are included, which enchant with their loving design. Carcassonne in a wintry dress, but with a familiar feel. The Carcassonne Winter Edition V3.0 puts a white robe over the southern French city. In addition to the new, atmospheric illustrations, twelve additional tiles with animals and the mini-expansion The River in a wintry look are included, which will enchant you with their loving design. Carcassonne awaits you in winter dress, but with a familiar feel - because even in winter, the henchmen go about their tried and tested activities. The Carcassonne Winter Edition V3.0 is a stand-alone version. It is not recommended to combine it with other Carcassonne games. In version V3.0, the classic game has been given a new look: the cover has a fresh look with modern artwork and graphics. A few of the tiles have been spruced up, but remain in the familiar design and are therefore still compatible with the existing games and expansions. The instructions have also been made even clearer. There are no changes to the content.
