Product Description

A beautiful solar system and cool robots! Enjoy a creative activity to bring these 2 images to life with water-based inks! When the lights are off, the outlines will still appear magical as they glow in the dark! Space fascinates everyone. Let your imagination run wild to paint these 2 beautiful pictures depicting the solar system and robots! At night, when the lights are off, you can still contemplate these illustrations as the outlines glow in the dark! Aquarellum Phospho is the best technique to discover the joys of watercolour painting and colour mixing, creating true masterpieces before enjoying a magical moment when the lights are off! This painting technique allows all ages to create beautiful works of art with ease. Here is the recipe for success:- High-quality, thick parchment paper that is perfect for watercolour painting as it does not crease.- Illustrations with glow-in-the-dark masked outlines that magically appear with every brushstroke. They prevent the colour from sticking to the masked areas. When the light goes out, the outlines of the illustrations are still magically visible!- Watercolour paints that blend perfectly and can be layered to create beautiful colour gradients.- A detailed guide to perceiving and mixing the colours.- A "Made in France" concept. This is the perfect craft activity to introduce young children to the art of painting and mixing colours while awakening their sense of concentration. The result is guaranteed to inspire artists of all levels and ages in their creative process. Refill packs are available. An eco-friendly product. This range is made in France and is designed to be eco-friendly so that all ages can have fun while respecting the environment and future generations. Here are the eco-friendly measures implemented in the development of this range:- Paint pots made from 70% recycled PET- Non-toxic water-based paints- A pallet made from 70% recycled material- A cardboard box made from at least 80% recycled material FSC-certified- FSC-certified boards- 98% of the value of this product is made in France
