Product Description

Welcome to the world of Arborea. You are a guardian spirit and guide your villagers to nurture and grow the landscape around them by sending them on pilgrimages and building up your personal ecosystem. Arborea is a worker-based Eurogame where time and forward planning are crucial. As the game progresses, players place their workers on action tracks ("pilgrimage"). These tracks can then be advanced and take all workers with them. The further the action tracks are moved, the better the rewards players receive when their workers are activated. These rewards can help players contribute to the common resource track, make offerings to the great and wise saints to invest in future gifts, or attract animals to the land of Arborea. Discover different seasons for new opportunities and paths in your games. Use the shared resources to build your personal ecosystem by overlaying terrain cards to create habitats and by placing animals to gain victory points at the end of the game. Note: The sale of the game under the name ARBOREA is authorised by rising Systems AG and Mr Sebastian Witzmann. Important notes: Warning! Not suitable for children under 36 months.
