Product Description

Aquarellum is now in 3D! Enjoy the magical Aquarellum technique and, once you have painted the 4 insects from the kit, scan them with the Aquarellum app to transform them into 3D animations. The magical Aquarellum painting technique is now combined with a unique digital experience! After having fun painting different illustrations, children are invited to fully engage with their creations. How to paint with Aquarellum? Aquarellum is a painting technique made in France that is perfect for artists of all ages to discover the joys of painting with ink. It's so easy! - The outlines of the illustrations are masked so you can't cross the lines. The result is therefore guaranteed, regardless of your artistic level. - The water-based inks have vibrant colours that blend perfectly to create an infinite number of shades and beautiful gradients. The app also offers tutorials to easily learn how to paint with ink, how to create colours and how to fully enjoy the magic of the Aquarellum technique. How to use the "Aquarellum 3D" app? Once you have painted the 4 insects from the kit, you can scan them with the "Aquarellum 3D" app to bring them to life! This app is compatible with Android 7.0 Nougat API level 24 and higher; IOS 11.0 and higher. You can download the app for free. Thanks to the app, you can enhance the colours, admire your 3D animated creations and project them into augmented reality to take fun pictures. This digital twist adds even more creativity to this artistic activity. Each of your creations will be saved in your personalised and animated gallery! An eco-friendly product. This range is made in France and is ecologically designed so that all ages can have fun while respecting the environment and future generations. Here are the eco-friendly measures taken to develop this range: - Paint cans made from 70% recycled PET - Non-toxic water-based inks - A pallet made from 70% recycled material - A cardboard box made from at least 80% recycled material, FSC certified - FSC certified boards - 98% of the value of this product is made in France - Available refills
