from **56,92 EUR**

Item no.: 396386
shipping weight: 0.40 kg
Manufacturer: COBI

Product Description

The Panzerkampfwagen II was one of the most important German tanks in the early stages of the Second World War. The Panzer II consists of 813 elements and is designed on a scale of 1:28. The blocks contain high-quality imprints that do not wear off during play. The model has an opening hatch in which a tank driver figure can be placed. The turret can be rotated through 360 degrees and the gun barrel with coupled machine gun can be moved up/down. There is an engine to be built under the service hatch, which can also be displayed next to the model. The chain traction works when we move the tank by hand while playing. The set includes the figure of an armoured driver with beret. The soldier is equipped with a P08 Parabellum pistol. Build a historic Panzer II tank from the Second World War and discover its amazing details! Panzer II Ausf. F is a German light tank that was used most intensively in the early stages of the Second World War. This is one of the later development versions of this vehicle. It was produced from 1941 onwards. Ausf version F had thicker armour (up to 35 mm at the front), which increased the protection of the crew. Its armament included a 20 mm cannon and an MG 34 machine gun. Although the Panzer II was primarily designed as a reconnaissance tank, it was frequently used during the campaigns in Poland, France and on the Eastern Front. Over time, as its weapons and armour became obsolete, it mainly fulfilled support and training functions. - 813 high quality elements, - made in the EU by a company with over 35 years of tradition, - meet the safety standards for children's products, - fully compatible with other brands of clamp building blocks, - permanent prints only, no stickers, - clear and intuitive building instructions based on drawings and symbols, - 1 figure- nameplate- detachable mini engine model- scale 1:28, - model dimensions (length x width x height): 17.5 cm (6.9 inches) x 9 cm (3.5 inches) x 8.5 cm (3.3 inches) Specification- Catalogue No.: COBI-2597 - Manufacturer: Cobi Factory SA - Length: 17,5 cm / 6.9? - Width: 9 cm / 3.5? - Height: 8,5 cm / 3.3? - Scale: 1:28 - No. of parts: 813 - No. of figures: 1 - EAN: 5902251025977
