STRD0035 - Ascending Empires

from **97,48 EUR**

Item no.: 402913
shipping weight: 3.60 kg
Manufacturer: Strohmann Games

Product Description

Millennia have passed since mankind settled in the Andromeda galaxy. For a long time, war raged over artefacts and technologies left behind by aliens ages ago, until a powerful relic was finally found - the Star Key. It activated the warpgates and opened the door to countless galaxies where new planets and technologies are waiting to be discovered. Ascending Empires: Zenith Edition is a remastered version of the acclaimed sniping game Ascending Empires. Flick your spaceships to distant planets, discover alien artefacts, build cities and starbases and research new technologies in this build-up flick game with a mix of strategy and fast-paced fun! The Zenith Edition includes neoprene mats as a game board and over 120 detailed miniatures! Play with either the classic or the new rules. In both cases, your turns are short and exciting. Always adapt to the dynamic events in the galaxy to gain the upper hand! The new rules bring starbases and special spaceships into play, among other things. You can also randomly combine technologies each game for modular tech trees and over two hundred possible combinations. For even more variety, there are also various modules: Discovery tiles offer you powerful effects and events when discovering planets, which vary from game to game. Mission cards provide optional objectives that you try to fulfil as quickly as possible. Megastructures bring great advantages if you build and control them. Play solo against the merciless Guardians who protect relics and planets that once belonged to the aliens. Product details- Item no.: STR24010 - EAN: 4262412340181 - Publisher: Strohmann Games - Product types: Board games , Connoisseur games - Language: German - Release date: November 2024 - Number of players: For 1 to 4 players aged 10 and up - Playing time: 75 minutes - Format: 31.5cm x 31.5cm x 12cm - Weight: 3610 g!
