### Product Description

In this enchanting children's game, 2-4 players roll the dice through the magical key forest. There is a key in each path square at the start - the further you go into the forest of dice, the more sparkling the reward. However, the path through the magical key forest also harbours risks: If all three dice show the moon symbol, it's "good night" and your turn is over. So do you dare to roll another die or try your luck with this key? Some keys open the chest, others don't fit into the lock ... the tension mounts!- High-quality children's game for young and old- Magical keys - Magical moments- Who collects the most crystals?Authors: Arno Steinwender and Markus SlawitschekIllustration: Camilia PeyrouxProduct details- Item number 646323- EAN 7640142763239- Language DE- Number of players 2 - 4- Recommended age 6+- Playing time 15- Product dimensions (W/D/H) in cm 29.00/7.50/29.00
