Product Description

Step into a colourful world of learning and creativity with Learn to Build ABC 123! This fantastic box contains 600 plus-plus pieces and 40 exciting double-sided cards. With the numbers 0-9, the letters A-Z and even the Nordic, German and Spanish special characters, this set opens up a whole new dimension of ABC and 123. Product information - 600 pieces. With Learn to Build ABC 123, your children can explore the alphabetical and numerical universe in a fun way. They can build words, create number sequences and even design their own exciting patterns. This creative game not only provides hours of fun, but also develops children's concentration, fine motor skills and imagination. The double-sided cards add an extra dimension to the game. Children can match letters and pictures, expand their vocabulary and even learn letters and numbers in several languages. Let them explore and discover the exciting world of communication and maths in a fun and interactive way. Learn to Build ABC 123 is the perfect set to encourage children's learning and creativity both at home and at school. Give your children the opportunity to explore, build and learn - all at once. Buy Learn to Build ABC 123 today and see their learning blossom into a world of play and imagination. Please note that the product contains small parts and is not suitable for children under 3 years of age. - Choking hazard, small parts - not suitable for children under 3 years of age. - Plus-Plus is easy to clean and can be washed in the washing machine or dishwasher. - Free from endocrine disrupting substances
