### Product Description

Description Everyone is talking about it; What lies by the end of the rainbow? HEXEL Spectrum is your trusty pocket-sized companion. A fidget toy consisting of 6 BIG pieces in bold and vibrant rainbow colors! These are held together by an elastic cord, allowing you to move them in all sorts of patterns. So follow the rainbow and let a world of colors and creativity unfold for you! Product Information- 1 pcs- Age 3+ HEXEL is a fun way to keep your hands occupied, channeling restlessness and energy into something productive. Watch the rainbow colors dance over your hands and create the finest geometric shapes in six beautiful colors, resembling a rainbow when combined! We love this fidget toy because it has so many great benefits for both kids and adults. Many experience restlessness in the body, especially while receiving important instructions or education. With HEXEL in your pocket, you can now channel that energy into something positive, making it easier to concentrate and remain calm. HEXEL is, therefore, a fantastic tool for focus, stress relief, and concentration. HEXEL doesn't just come in the beautiful rainbow colors but is also available in Bubblegum and Waterfall color schemes. HEXEL Spectrum features the colors Red, Orange, Yellow, Apple Green, Blue, and Violet. How do you flex your HEXEL?- Choking hazard, small parts - not suitable for children under 3 years- Plus-Plus is easy to clean and can be washed in the washing machine or dishwasher- Free from endocrine-disrupting substances
