from **126,20 EUR**

Item no.: 369275  
shipping weight: 2.00 kg  
Manufacturer: TAMIYA

### Product Description

The Subaru WRX 2004 was introduced by TAMIYA back then as a kit 300058333. Now this model is available again on a TT-01E chassis. The TAMIYA 1:10 scale model has a powerful torque-tuned electric motor and all-wheel drive. This combination ensures fast and uncomplicated driving fun. The robust and detailed polycarbonate body of the TAMIYA Subaru WRX including decal sheet and electronic speed controller are perfect for RC hobbyists.

Required accessories PS paint, TS paint, RC system, steering servo, battery, charger. Matching tuning set TT-01/E 500908123

**WARNING!** Caution! Not suitable for children under 36 months. Before you start assembling, make sure you have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If any difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or a specialist dealer. Use tools only for their intended purpose. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.
