Product Description

With Deutschland memory®, players travel across Germany and discover German landmarks, monuments, inventions and landscapes. Each player may turn over two cards with motifs from Germany one after the other. If there are two identical pictures, the player keeps the two cards and immediately turns over two more. This is repeated until two different pictures from Germany are revealed. Whoever has a good memory will find the most pairs of pictures. In this memory game, players not only train their memory and concentration, but also learn about interesting buildings and cultural monuments as well as charming landscapes. The pictures reflect Germany's past and present. memory® - the world-famous classic game has been delighting children and adults aged 3 - 99 for decades. The ingeniously simple rules make it the perfect family game, in which the little ones often win against the grown-ups. Details- Item number: 20883 - EAN: 4005556208838 WarningsNo warnings required.
