### Product Description

With Austria memory®, players travel across Austria and discover typical landmarks, inventions and landscapes. Each player may reveal two cards in turn. If there are two identical pictures, the player wins the two cards and immediately turns over two more. In this way, players not only train their memory, but also discover famous buildings and cultural monuments as well as charming landscapes in Austria. On the 64 picture cards in Austria memory®, players discover landmarks, buildings, landscapes and culinary specialities from Austria. In the exciting picture search, each player is allowed to reveal two cards in turn. If there are two identical pictures, the player wins the two cards and immediately turns over two more. In this way, players not only train their memory, but also gain great impressions of beautiful Austria. Whoever collects the most pairs of pictures at the end wins the game. memory® - the world-famous classic game has been delighting children and adults aged 6 - 99 for decades. The ingeniously simple rules make it the perfect family game in which the little ones often win against the grown-ups. Details- Item number: 20884 - EAN: 4005556208845 WarningsNo warnings required.
