Product Description

This family game requires a good memory! In this Ravensburger memory®, both children and adults are immersed in the kingdom of Rosa from the Walt Disney film Wish, where wishes literally come true. Players have to search for the matching and lovingly illustrated pairs of cards and meet Asha, Valentino, Star and many more! The aim of the game is to win the most pairs of cards. This search game playfully promotes memory, concentration and memorisation skills. You win a pair of cards as soon as a player uncovers two identical pictures. If the person is successful, they can reveal two more cards. Whoever has collected the most pairs at the end wins the game. Fun for the whole family is guaranteed, because the little ones often win against the grown-ups with their excellent picture memory! In Disney Wish memory®, all the cards are designed with great pictures from the film of the same name, making it a great gift for all fans.
