Product Description

Smart 10 - board game (DE), for 2-8 players, ages 10+

Name Julia Roberts' film partners, arrange world cities according to their longitude, countries of origin for international pop -Bands guess who know the host countries of soccer world championships. A quiz game can hardly offer more variety than Smart 10. Practically packaged in a travel-friendly box, the questions go one after the other - and after just 20 minutes they are so addicting ...

On each side of the 100 cards there is a question and ten possible answers. The answers are covered with markers. In your turn you choose an answer, lift the marker and check whether it is correct. If the answer is correct, the player keeps the marker and passes the smartbox on to the next player, who of course can only choose from nine answers. If you don't want to give an answer anymore, you pass, because if you answer incorrectly, you lose all markers that you have collected in the current round.

When a round is over, the result of each individual player is immediately shown directly with help The score counter built into the Smartbox is recorded, and it is the turn of the next card with a new question. In the end, the first player to reach 15 points wins. Up to 30 points can be played for a longer game.
