shipping weight: 0.50 kg
Manufacturer: Carson

Product Description

The Unimog in THW look! The remote-controlled Unimog U 300 THW from CARSON is more off-road capable than a comparable truck thanks to its powerful electric motor and non-slip studded tyres, even when used all year round. The lithium-ion battery guarantees a long driving time of 60 minutes. The 2.4 GHz console transmitter can be used to control the sensitive driving function via the electronic speed controller and the horn. The accessories required for immediate operation of the beginner-friendly RC vehicle, including USB charger and manual, are included in the scope of delivery. Buy - Charge - Drive! ATTENTION! Not suitable for children under 8 years of age. The packaging must be kept as it contains important information. The illustrations may differ from the product contained in the packaging. TAMIYA-CARSON reserves the right to make improvements and changes at any time.
