Product Description

Create beautiful bracelets and rings by covering geometric designs with thousands of colourful diamonds before gluing them onto acrylic backing. This crafting technique is very similar to pixel art and allows artists of all ages to create beautiful and intricate works of art. With each diamond added, illustrations with vibrant and shimmering colours are revealed. The small pencil provided helps you to pick up each diamond to transfer it to the gluing surface. Each square is provided with a letter corresponding to a diamond colour; it is therefore very easy to follow the instructions on the canvas to create snazzy stickers. When you are finished, stick your intricate creations onto the acrylic jewellery stands. There are different sizes suitable for children, teenagers and adults! Contents of the box- 4 acrylic bracelets- 4 acrylic rings- 1 tool for picking up the diamonds- 1 small tray for arranging the diamonds- Thousands of mini diamonds in different colours- 1 gel foil, to make the tool sticky 1 gel foil to make the tool for picking up the diamonds sticky- 1 bottle of varnish + 1 brush- canvases- 1 instruction Eco-concept- box made from at least 89% recycled cardboard
