Product Description

Create 6 bracelets with geometric and colourful patterns! Have fun covering the geometric patterns with thousands of colourful, opaque diamonds before gluing them onto acrylic supports. This kit contains all the necessary elements to easily create beautiful bracelets with colourful, opaque rhinestones. This crafting technique is very similar to pixel art and allows artists of all ages to create beautiful and intricate works of art. With each diamond added, illustrations are revealed with vibrant and shimmering colours. The small pencil provided helps you to pick up each diamond to transfer it to the sticky surface. Each square has a letter that corresponds to a diamond colour, so it's easy to follow the instructions on the canvas to create snazzy stickers. When you're done, stick your intricate creations onto acrylic bracelets. The bracelets are available in two sizes, for children, teenagers and adults! Contents of the box- 3 acrylic bracelets (size S)- 3 acrylic bracelets (size M)- 1 tool for picking up the diamonds- 1 small tray for organising the diamonds- 1 gel foil, to make the tool for picking up the diamonds sticky- 1 bottle of varnish 1 bottle of varnish- 1 brush- thousands of opaque mini diamonds in different colours- 6 self-adhesive bracelets- 1 instructionEco-concept- box made from at least 89% recycled cardboard
