Product Description

BR 18 505 express locomotive - timeless classic with history! Is your next modelling project coming up, but you are looking for a piece that not only looks good, but also breathes history? With the BR 18 505 express locomotive, you can bring the elegant charm of the 1950s to your modelling table. This model kit is more than just a hobby: it is a journey into the fascinating world of historic railway technology. Whether you are a collector, hobbyist or railway enthusiast - the BR 18 505 is the perfect choice to add new depth to your passion. Special features - Detailed boiler: Perfect replica of the original for realistic modelling. - Authentic drive wheels and push rods: Precisely manufactured for the highest visual and technical quality. - True-to-original tender: Includes a model of the original tender. True-to-original tender: With detailed chassis for a harmonious overall composition. - Decals included: Individual design options for the BR 18 505. Scope of delivery - Plastic model kit (not assembled) - Multilingual, illustrated building instructions - Individual decals The kit is aimed at modelling enthusiasts who value high-quality workmanship and maximum attention to detail. With the clear, multilingual instructions, you can assemble your model step by step - even challenging parts are easy thanks to the precise illustrations. Complete your work with the included decals, which give the locomotive its final, personal touch. Background information The BR 18 505 express locomotive is a real gem of railway history. It is the only example of its class to have survived after the Second World War and was used by the Minden locomotive testing centre for transfer journeys from 1955 to 1967. It has been on display at the Neustadt Railway Museum since 1972 and continues to delight visitors with its elegant design and precise engineering. The model kit brings this fascinating history directly to your home - a tribute to the art of engineering and the aesthetics of times gone by. Get the BR 18 505 and make it the highlight of your collection! Order now and bring a piece of history to life with your model building project! - Width: 3.9 cm - Length: 28.4 cm - Height: 6.4 cm - Item no.: 02167 - Recommended age: 13 - Scale: 1:87 - Individual parts: 163
