### Product Description

V-CUBE™2 is the smallest version of the V-CUBE™ family and is available in two versions: the classic flat shape and the new, "essential" cushion-shaped version derived from the original V-CUBE™7! Both feature the same revolutionary V-CUBE™ mechanism and internal parts! V-CUBE™2 is a multi-coloured, two-layered cube with exceptional quality and incredibly smooth rotation. The player has to find a strategy to get the same coloured sides on his V-CUBE™2. V-CUBE™2 has almost 3.7 million possible permutations and weighs only 74 g! It consists of 26 smaller parts, 8 of which are the visible corners, and a solid cross that supports them so that they can rotate independently around the base axes. 4.32 x 1019 possible permutations- 2 layers: two-layer cube- Shape: Flat- Colouring: Printed colours- Dimensions: 5x5x5 cm- Weight: 74 gr- Number of pieces: 26- Number of colours: 6- Extras: Solution included
