Product Description

HeXXen 1733: HeXXenklänge - Karibik, Soundtrack,CD

Once again, Ulisses regular composer Ralf Kurtisiefer has been inspired by the theme and put together a snappy, atmospheric, partly rocking soundtrack to the Caribbean.

The special feature this time: in addition to purely instrumental tracks, there are also many sung songs on the record, which underline the charm of the Caribbean as well as pirate and sailor life. He was inspired by American and English traditionals as well as shanties from past centuries. Attention: danger of catchy tunes!
