**Product Description**

On the bell - ready - Twist! This Halli Galli variant brings a clever twist to the game: Whereas in the classic version of the game the bell is rung when there are 5 identical fruits, in Halli Galli Twist the bell is rung when there are 5 of the same colour or 5 of the same symbol. Only Halli Galli Twist has each of the 4 symbols in all 4 colours! Halli Galli Twist adds another action-packed reaction game to the Halli Galli series by author Haim Shafir. How to play Halli Galli Twist MBE3. The cards are dealt evenly among all players. In turn, the players turn over one of their cards at a time, creating several face-up piles. As soon as the same symbol in any colour or any symbol of the same colour can be seen exactly five times on all face-up piles, everyone must ring the bell as quickly as possible. The first player to ring the bell correctly wins all the face-up piles. If you ring the wrong bell, you must give one card to everyone else as a penalty. Whoever has no more cards continues to play until their own discard pile has been lost. If there are only two people left in the game, the bell is rung one last time and the cards are dealt. The winner is the player with the most cards at the end of the game.
