## TAPWP2061 - Speedpaint Colour "Nuclear Sunrise", 18ml

from **2,87 EUR**

Item no.: 368852  
shipping weight: 0.10 kg  
Manufacturer: Army Painter

### Product Description

Speedpaint: Nuclear Sunrise (18ml) from The Army Painter in a practical dropper bottle.

Speedpaints are a real solution for painting with just one coat. Simply apply a rich coat of Speedpaint directly onto a primed miniature and you're done! Speedpaints leave intense shading, vibrant colours and a light effect on this part of the model in a single application.

Speedpaints flow perfectly over your miniatures, creating an unparalleled painting solution that helps you spend more time playing.

Not suitable for children under 36 months.

Speedpaints are optimal colours for the player who wants to have his miniatures painted quickly:

- Single layer painting solution
- Uniform flow of paint across all colours
- Perfect contrast
- Intensive shading and highlighting effect
- Pre-filled with 2 steel mixing balls
