Product Description

Ghosts come in many different shapes and forms - be it a tragic bound soul with a last desperate wish, a vile Night Eel with an all-consuming hunger for life force or a self-sacrificing Tarnaaj who sacrifices his own essence to heal the wounded and dies in the process. Disembodied Horrors presents all facets of adventurian necromancy, explains the origin of ghostly apparitions and the difference between the spirit world and the realm of the dead. Thirty creatures are presented ready to play in value boxes and detailed descriptions. You'll also be given all the tools you need to create your own ghosts and knit exciting stories around their redemption or exorcism!

Contents- thirty ready-to-play ghosts- a chapter on the history of adventurian necromancy- descriptions of renowned shamans and sorcerers on the subject of ghosts- two detailed academy descriptions with coloured maps - school of exorcism in Perricum the School of Exorcism in Perricum and the Hall of Apparitions in Grangor- four adventure locations with scenario suggestions- rules for spirit packs and alchemical aids for spirit summoning- a modular construction kit, to create your own ghosts with very individual abilities- Language: German
