## Product Description

The Demon Power & Star Power anthology takes you into the mystical, yet equally enigmatic and deeply intriguing world of the guild mages. One adventure is included for each of the three major guilds:

A disturbed and paranoid Rohal guardian is found in Wagenhalt. A spontaneous illness and unfortunate coincidences are ruled out by a high representative of the White Guild. There is more to it than that - and it will take your heroes to unravel the background of her condition. But before them unfolds a web of intrigue whose origins reach centuries into the past.

The Adamant Laboratories were to become the pride of the Dragon Egg Academy and thus of the newly elected Convocata prima Ashtarra Okharim. But no one anticipated the great mischief the magical potency of the labs would attract. After a fatal magical disaster, will your heroes succeed in containing the danger and recovering survivors? The clock is ticking!

Magister Lucan Larez of Brabak is somewhat cerebral, oddball even. But when he asks your heroes with a sympathetic smile to assist him as a bodyguard against the intrigues of his rivals, a sinister foreboding already creeps over you. A game about demonic whispers, power-hungry necromancers and the succession of the head of one of the most disreputable mage academies in Aventuria - the Dark Hall of Spirits - is being played out. Only true heroes will be able to keep a clear head and unravel the chasms that open up before them.

Caution. Not suitable for children under 36 months.
