### Product Description

The adventure "In the Spider Forest" follows a special concept. It is particularly suitable for young heroes and experienced players. For players who want to part with their familiar hero and get to know a new character. With the help of this new hero, players will explore an unknown part of the continent of Aventuria: The Orclands. "In the Spiderwood" is the first adventure in a series that the group of heroes will experience on their journey through the inhospitable land of monsters. As the heroes increase their abilities on this journey, the difficulty and danger of the Orkland adventures will also increase. In the Spider Forest can be played according to the rules of the "Basic Game" or the "Expansion Game". If you want to use the basic rules, simply omit all instructions and text passages in the adventure that you are not familiar with from the basic rules.
