Product Description

In this useful collection of texts on The Black Cat, you will find a Small Herbiology of the Salamander Stones. What plants and herbs do the Awakened pick and use? The collection of potions, ointments and tinctures brings together remedies, poisons and other useful medicines that the Awakened make. Then there are adventure ideas about Donnerbach and the Salamander Stones. One of the scourges of the Salamander Stones, the Wild Hunt, is introduced in detail. Then some interesting bipeds are introduced. Furthermore, there are rules for boats with which the Awakened sail lakes and rivers, as well as combat skills for true masters with blade, spear and claw. Finally, an adventure, Diving into the Unknown, which takes the heroes into the depths of Lake Lamprey.

Caution. Not suitable for children under 36 months.
