### Product Description

Into the deepest depths...The small town of Otari never rests! Sinister things are going on in the ruins of the old lighthouse and heroes must explore the walls and vaults below. Level after level of ghastly monsters, dangerous traps, vengeful spirits and other ghouls await those who venture into the vaults of terror! And this is just the beginning, as this giant vault goes deeper than the characters could have imagined...This adventure path takes the characters from level 1 to level 10 in three chapters. In addition to detailed NPC descriptions and new monsters, this volume contains new rules material, a travel guide to Otari, information on wisps and flesh moulds, ghosts and the Outer God Nhimbalothe. Contents- Language: German- Second Edition
