shipping weight: 0.10 kg
Manufacturer: Ulisses Spiele

Product Description

This book gets down to business! Not only are the terrible secrets of the cults presented in the sister volume Devil's Spell relentlessly revealed. We will also venture into the depths of the spheres, describing the demons and their infernal rulers. Devil's Pact will add another facet to the previous background story of the HeXXen world and answer many questions. Is there only one hell or several? What is the nature of the demons? Where do they come from?

And above all: what are their goals? Of course, this is all strictly confidential game master information. The volume is supplemented by a description of dozens of new types of demons from the demon spawn that appear in droves to the resurrected felons and serial killers of earlier centuries who now roam the earth as free demons. The book is designed for the second edition of HeXXen 1733, but can easily be played with the first edition rules. 128 pages, hardcover in imitation leather.

Caution. Not suitable for children under 36 months.

- Language: German
- 128 pages
