Product Description

"HeXXen 1733: Book of Rules 2 - Expansion Rules and Bestiary" In the background part of this volume, the secrets of the game world of HeXXen 1733 are revealed. In addition, all rules of importance to the HeXXen Master are explained, including the organisation of cinematic combat, interactions with NPCs and adjustment of monster values. In the bestiary, more than 80 monsters are described with play values. Caution! Not suitable for children under 36 months.
