## Product Description

"HeXXen 1733: Witch Hunt (2nd Edition)". In this volume, the impulses of the witches of Europe are described from the perspective of the hunters. From the meigas of Galicia to the ice witches of Lapland, from the forest witches in the Harz Mountains to the scheming mistresses of the emperor in Vienna - the volume offers an overview of the diverse methods of the devil's dens.

Players can learn new powers and professions with the help of the new roles Witch Enemy and Witch Mystic, including the warriors of the Order of the Mariannen, spies on behalf of the Vatican or the fanatical Fire Preachers. In addition, they can embody one of the rare white witches.

Caution! Not suitable for children under 36 months.
