### Product Description

Orrorsh is the realm of gothic horror. Orrorsh was cultivated and perfected by the Gaunt Man and is undoubtedly the most dangerous of the invading cosms. The nightmares of Orrorsh now haunt and hunt both Ords and Storm Knights. Orrorsh invaded India and the surrounding lands, spreading like an infection in the Night of Screams. Since then, the empire has barely expanded, but its zones are becoming pure. Now the Hellion Court works to further the Gaunt Man's sinister plan to drain the Core Earth of its possibility energy, as he has done to countless cosms. Corruption seduces those with power and the Gaunt Man is always happy to turn a hero into a villain. You play the heroes of this gothic horror world. Detectives, occultists, monster slayers, sacellum priests and even those cursed to be monsters themselves try to thwart the Gaunt Man's evil plans and prevent him from becoming TORG. Inside you will find: - New perks, spells, wonders and equipment for players. - New threats and enemies to encounter, including nightmares that can regenerate Possibility energy. - Details of the war zones in Orrorsh and Ravagons, fierce creatures loyal to the Gaunt Man. - Plot hooks and events from the first year of the Possibility Wars. Caution! Not suitable for children under 36 months.
